

On May 2021, Réviseur XO won the Gold Medal  
at the World Best Cognac 2021 competition.

### 2021 World Best XO : Réviseur

Old gold colour with amber highlights.

The initial nose has a delicate smell of rancio, with complex notes of ripe fruit and liquorice. Aromas in between delicious red fruits, wood and shed leaves, even some notes of roasted coffee result a joyful harmony.

Some liquorice, toffee, candied fruit and cedar wood flavours show up. The amazing roundness and softness are well balanced with persistent woody notes throughout the long finish.

### Réviseur Cognac Brand

Cognac Réviseur embodies the attributes that have made the Petite Champagne cru that it comes from famous: intensity, full body and aromatic richness. The Réviseur estate spreads over more than 90 hectares in the heart of Petite Champagne. The east-west position of its vineyards is particularly favourable for producing very aromatic wines. The distillation in very small stills (1600 litres) and its ageing in dry cellars gives powerful Cognacs that reflect the true potential of this terroir recognised for its concentration of aromas.

Respectful of the environment, since 2019 the Abécassis vineyard are certified High Environmental Value top 3 scale (HEV 3).
